

Regarding Insurance

We will be happy to assist you in utilizing your dental insurance benefits based on the information you provide us. Please be advised that our office is not contracted with any insurance companies therefore we are unable to perform insurance management. This means that you are responsible for payment in full for services rendered at the time of visit. The assignment of benefits will be in your name, which means the insurance will issue any benefits available directly to you.

We will do our best to help you file your insurance claims. We will submit electronic claims on your behalf a maximum of two times for the same date of service providing you have supplied us with all of the correct information. Claims that must be submitted in paper format will be printed and given to you so that you are able to mail them to your insurance company. Due to untimely filing guidelines with insurance companies claims will not be submitted or resubmitted after 3 months from service date.

Your insurance policy is a contract between you and your insurance company. We are not responsible for the accuracy of copayments, deductibles, or other insurance benefits. Any dispute of benefits will be your responsibility to handle.
